

# School of Science and Technology - Advancement Local Wellness Policy

School of Science and Technology - Advancement

School of Science and Technology School's (School of Science and Technology - Advancement) shall follow nutrition guidelines that advance student health and reduce childhood obesity and shall promote the general wellness of all students through nutrition education, physical activity, and other school based activities.

## Nutrition Education

The school shall implement, in accordance with law, a coordinated health program with a nutrition education component and shall use health course curriculum that emphasizes the importance of proper nutrition.

In addition, the district establishes the following goals for nutrition education.

- Students will receive nutrition education that fosters the adoption and maintenance of healthy eating behaviors.
- Nutrition education will be a district wide priority and will be integrated into other areas of the curriculum, as appropriate.
- Staff responsible for nutrition education will be adequately prepared and will participate in professional development activities to effectively deliver the program as planned.
- The Child Nutrition staff, teachers, and other school personnel will coordinate the promotion of nutrition messages in the cafeteria, the classroom, and other appropriate settings.
- Educational nutrition information will be shared with families and the general public to positively influence the health of students and community members.

## Physical Activity

The district shall implement, in accordance with law, a coordinated health program with physical education and physical activity components and shall offer at least the required amount of physical activity for all grades.

In addition, the district establishes the following goals for physical activity:

1. The district will provide an environment that fosters safe and enjoyable fitness activities for all students, including those who are not participating in competitive sports.
2. Physical education classes will regularly emphasize moderate to vigorous activity.
3. The district will encourage teachers to integrate physical activity into the academic curriculum where appropriate.
4. The district will encourage parents to support their children's participation, to be active role models, and to include physical activity in family events.

## School Based Activities

The district shall create an environment conducive to healthy eating and physical activity through implementation of the following policies.

- Students shall be allowed sufficient time to eat meals.
- The lunchroom facilities shall be safe, clean, and visually promote a message of healthy eating and wellness.
- Students shall have access to free potable water during mealtimes. The water may be provided through water fountains inside or directly adjacent to the cafeteria, water dispenser, or water pitcher and cups.
- Nutrition and physical activity shall be promoted to students and their families at suitable school sponsored events.

## Nutrition Guidelines for All Foods Available

The nutrition guidelines for foods served by the district during the school day shall be adequate to advance students health and reduce childhood obesity and shall meet or exceed federal regulations and guidance, and that all foods available on each campus are in accordance with Texas Department of Agriculture policy and school-established standards.

## Guidelines for Reimbursable Meals

The district shall ensure that nutrition guidelines for reimbursable school meals shall be at least as restrictive as federal regulations and guidance and that all foods available on each campus are in accordance with the Texas Department of Agriculture regulations.

## Measuring implementation

The Superintendent or designee shall oversee the implementation of this policy and shall develop administrative procedures for periodically measuring the implementation of the wellness policy. The Wellness Committee will conduct a yearly review of implementation, with the results published on the schools' websites.

## Committee Members

The district shall also seek to involve parents, students, representatives of the school food authority, the Board, administrators, physical education teachers, school health professionals, and the public in the continued development and implementation of this school wellness policy.
